September 2009

THE NEWS IS SPREADING!

“Not only was it easy to work with your company but the product was great...the best part for me was the service continued up until I received the plants. They were delivered on a truck from your company with your driver. So many times I have a good experience with a company and then have to deal with some hired truck driver who doesn't care about our schedules or calling ahead for deliveries and it leaves me frustrated. With Arrowhead we received the entire 'package' of service from the time I placed the order to when the material arrived at our nursery.”

--Laura Rambo, Teton Trees. Rupert, ID

“Excellent trees and simple, no-hype, customer service from genuine people. Exactly who I like doing business with.”

-- Dan Nielson, Nielson Tree Farm. Dodge, NE.

“Arrowhead has the nicest crop of birch we've ever had in our containers!”

--Leslie Murphy, Kogut Nursery. Meriden, CT.

Bare Root Notes

DON'T WAIT. The economy is forcing a wait-and-see attitude towards next year's purchasing. There will be a rush for bare root material in the late Fall so we encourage you to book now and lock in your preferences before it's too late.

Established in 1998 Arrowhead Ornamentals L.L.C has recently expanded to now specialize in over 160 varieties of trees grown on over 500 acres of Willamette Valley soil providing a vast selection of high quality bare root liners, containers, shrubs, and B & B trees.

Arrowhead Ornamentals partners with Habitat for Humanity in Albany, Oregon.

The Albany Habitat for Humanity program has committed to building 9 houses in the Albany area over the next three years. Arrowhead Ornamentals will supply the necessary shade trees and shrubs to complete the landscape process for each house.

“Albany Area Habitat for Humanity is excited about a new partnership with Arrowhead Ornamentals. Knowing they're coming on board to donate trees and shrubs for our houses will help ensure success for this program. It's an outstanding gesture!”

--Scott Schuler. Development Coordinator, Albany Area Habitat for Humanity.
